

HERBAL & FITNESS TISANES:

A healthy selection of herbal infusions that have been complemented by selected berries, leaves and flowers. Caffeine free, these tisanes are healthy and are good for your body, mind and well being.

LEMONGRASS & GINGER SERENITEA:

Ginger, lemongrass, lemon peel and liquorice rounded off with a sprinkling of peppermint make this a restful and interesting drink.

CAMOMILE SOOTHER Teabags only:

A light, fragrant, apple tasting infusion, well known as a soothing and restorative drink. A golden brew which goes well with honey.

PEPPERMINT REFRESH Teabags only:

Brews with a peppery, piquant fragrance. Highly appreciated for its digestive properties. Blended with lime it makes an interesting beverage.

NOTE:

100 grams (3.5oz) of Black Tea makes at least 40 cups.

100 grams (3.5oz) of Green Tea makes at least 60 cups.

All teabags are in individual envelopes.

Delivery costs between \$6 and \$30 per order depending on size / weight and destination.

TRADITIONAL BLACK TEAS

Specially selected black teas from the best tea gardens of the world.

DARJEELING MARGARET'S HOPE TGFOP1:

Tea of the mountain mists, grown in the foothills of the Himalayas. The most refined Indian tea which is known as the champagne of teas.

Flavour Characteristics: Delicate, subtle

ASSAM TOONBARRIE TGFOP1:

Malty, full bodied and rich in colour from the Brahmaputra Valley in the North East of India. Rare and sought after.

Flavour Characteristics: Full bodied, malty, brisk

DECAFFEINATED CEYLON PEKOE:

A quality Ceylon leaf tea decaffeinated through the CO₂ high pressure process. No solvent is used and much of the original flavour is retained.

Flavour Characteristics: Light

GREAT GRANDFATHERS TEA

Ceylon single estate tea from the Dimbula District of Sri Lanka. 100 years of family tradition from a plantation originally managed by a great grandfather of the present owners.

Flavour Characteristics: Strong, aromatic

LAPSANG SOUCHONG:

From the Fujian province. Its entrancing flavour and aroma comes from being smoked over pine embers. Golden bright it is drunk lightly brewed.

Flavour Characteristics: Crisp, unique smoky flavour

ORGANIC CEYLON PEKOE:

A quality tea from the Needwood plantation in Sri Lanka. Certified organically grown by the National Association for Sustainable Agriculture.

Flavour characteristics: Light, delicate

CEYLON PEKOE (BOP) Teabags only:

A special blend of fine teas, from the western highlands of Sri Lanka. Broken Orange Pekoe is a leaf grading and has nothing whatsoever to do with the flavour of the orange fruit! A well rounded 'all day' tea.

Flavour Characteristics: Strong, brisk, full flavour

ENGLISH BREAKFAST Teabags only:

High grown Ceylon teas from the best tea gardens, expertly blended, give this tea its crisp distinctive style, quality and aroma.

Flavour Characteristics: Strong, brisk, full flavour

FLAVORED BLACK TEAS

Tea absorbs flavours, particularly exotic ones! We have selected interesting fruits and berries to be blended with our quality teas.

EARL GREY:

A blend of selected teas with strong and colory liquors, delicately flavoured with the essence of Bergamot, a small citrus fruit.

Flavour Characteristics: Strong, distinctive

CHAI MASALA:

Black tea with a blend of special spices— strong, hearty & full flavoured. An Indian treat.

TRADITIONAL CHINA, GREEN, & OOLONG TEAS

Green tea is processed naturally and is known for its health benefits.

GREEN (GUNPOWDER):

Popular in China and Japan. Tightly rolled balls of tea that look like pellets, hence the name. A pale green colour after infusion with a unique flavour.

Flavour Characteristics: Light, astringent

DECAFFEINATED GREEN LEAF:

China green tea decaffeinated using the CO₂ high pressure process.

Flavour Characteristics: Light, mild

ORGANIC GREEN LEAF:

China tea, organically grown under European Council control institutions.

Flavour Characteristics: Mild and astringent

GENMAICHA:

Green tea with toasted rice and popped corn. A Japanese specialty.

Flavour Characteristics: Mild, toasty

OOLONG FORMOSA GRAND:

Oolong with a peach like aroma. Its fruity flavour is best enjoyed without milk or sugar. Produced on family farms in Taiwan and is a semi fermented tea.

Flavour Characteristics: Subtle, delicate, light

FLAVOURED TEAS

Tea absorbs flavours, particularly exotic ones! We have selected interesting fruits and berries to be blended with our quality teas.

Green China Sencha with sour cherry pieces and flavouring make this tea fruity and fresh— a truly refreshing interlude.

CINNAMON ORANGE:

A combination of Green tea, cinnamon, orange peel, mallow flowers and sunflower blossoms— exotic and delicious.

WHITE TEAS

From the finest buds, plucked before they open, which turn velvety gold or silver when dried. A pale straw colored liquor after brewing. Rare and mystical teas, low in caffeine.

Silver Needles

White tea from the finest buds, plucked before they open, which turn velvety silver when dried. A pale straw colored liquor after brewing. A mystical, rare and sought after tea, low in caffeine. A unique experience!

Flavour Characteristics: Subtle, delicate, light, naturally sweet

FRUIT & BERRY INFUSIONS (DRINK HOT OR COLD):

Imported from leading specialist food and beverage merchants in Europe they contain only fruit, berries and herbal ingredients and are therefore caffeine and tannin free. These healthy beverages contribute a multitude of fresh flavours, exciting aromas and a range of interesting and attractive colours.

FRUIT QUENCHER:

Dried currants, hibiscus flowers, rosehip, elderberries, bilberries, blackcurrants, raspberry and cornflowers. A healthy, soothing and refreshing drink which can be drunk hot or iced.
